Aoyuan Group is bringing their trademark philosophy of building a healthy lifestyle to Toronto with M2M, their largest master-planned community in Canada to date. Founded in 1996, Aoyuan which translates to Olympic Garden, was the first developer in China to integrate residential real estate with sports and recreation amenities, based on the idea that exercise and healthy living starts from home.

Two decades later, Aoyuan remains committed to building healthy communities with a current land bank of over 300 million square feet, and a robust portfolio of residential developments and large-scale commercial and retail projects in more than 60 cities across China, Australia and Canada. Their healthy living philosophy has also expanded to several business arms including residential and commercial development, property management, cultural and tourism, hospitality and e-commerce.

Now, Aoyuan is introducing their broad lifestyle intelligence to Toronto, creating a community made to matter.

WALLMANARCHITECTS

Wallman Architects is a Canadian architectural office dedicated to producing exceptional design. Drawing on the experience of a practice that began in 1985, Rudy Wallman established WA in 2006. Since then, WA has developed an extensive portfolio of remarkable mixed-use, residential, hospitality, institutional and urban design projects across Canada and around the world. Wallman Architects offer in-depth partner involvement during design and municipal approvals and are recognized for our ability to operate within demanding bureaucratic and political environments. Working collaboratively, our team of experienced professionals ensures the successful completion of all project phases from design to construction, within the client's budget and timelines.

Ferris + Associates Inc. is a team of professionals dedicated to providing a full range of consulting services in Landscape Architecture, Urban Design, and Site Development. With a broad range of residential, institutional, commercial, inter-national, academic and master planning projects, the company draws on an extensive pool of experience. The firm's knowledgeable staff have successfully completed the design development, approval processing, drawing production and contract administration for many complex, high quality projects.

U31 is an award-winning interior design firm that collaborates with clients to ensure that truly creative and innovative ideas are realized. The studio — led by creative principals Kelly Cray and Neil Jonsohn — places the client first by respecting individual tastes throughout the design process, with the ultimate objective of both enhancing and elevating their lifestyle experience. From mixed-use development projects, workspaces, to large-scale luxury homes, U31's diverse portfolio of sophisticated hospitality, commercial, and residential work has been recognized throughout North America, the U.K., and the Caribbean.

With annual new home sales of over two billion dollars, Baker Real Estate Incorporated is one of Canada's most successful real estate companies. For over two decades Baker has specialized in the project marketing and sales of new home master planned communities, including condominiums, townhomes and single-family homes as well as hotel condominiums and resort properties. The company was formed by Pat Baker and has grown into a prestigious group of real estate professionals, servicing Canada's premier builders and developers in both local and international markets. Baker has offices in Toronto, Montreal, Singapore, Hong Kong and most recently has partnered in CREIC (The Canadian Real Estate Investment Centre) in Shanghai.
